

ReLeaf Michigan

Planting trees, growing communities.

"Essential Care for Trees and Shrubs" Free Homeowner Educational Workshop

All are invited to a free homeowner educational workshop led by Dawn Hughes, owner of Urban Arbor Care, ISA certified arborist and MNLA certified orchardist. Dawn will discuss techniques to keep your landscaped plants healthy, how to avoid common problems as well as how to prepare plants to withstand Michigan's ever changing weather.

Join us to learn more about the basic care of your trees and shrubs. Questions are welcome!

Releaf Michigan's Homeowner Educational Workshops are made possible thanks to funding from the Michigan DNR Urban and Community Forestry Program.

Springfield Township Civic Center
12000 Davisburg Rd.,
Davisburg, Michigan
