In just a few hours you can make a difference that can last decades! Join us on Saturday, April 21st as we plant 42 trees at the E.L. Johnson Nature Center. ReLeaf Michigan, a non-profit tree organization, is partnering with the nature center and Bloomfield Township to restore the Rouge River ecosystem. This project is being done in collaboration with the Friends of the Rouge as part of Rouge Rescue. ReLeaf Michigan tree experts will be there to help volunteers and oversee the event. Middle School age and older suggested.

Please wear closed-toe shoes and bring a shovel if you have one. Event occurs rain or shine (we're a hearty group!) and light refreshments will be served. No planting experience is necessary. We hope to see you there!
