

ReLeaf Michigan

Planting trees, growing communities.

FREE
PRESENTATION

Trees Matter in Kingsley!

Learn the results of a recently completed tree canopy assessment

Not only are trees lovely to look at; their economic and environmental benefits are amazing!

Did you know...

- 37% of the city is covered by tree canopy
- 4 million gallons of storm water is intercepted yearly
- 22,000 lbs. of pollutants are absorbed

Learn more about your community forest at a free presentation and what you can do to make a difference for Kingsley and your own property! Everyone welcome!
