Make a difference in a few hours that can last decades! ReLeaf Michigan, a non-profit tree organization, in collaboration with the Village of Armada and Armada Township, with funding from the DTE Foundation, is planting 44 trees in the Village along Prospect, Tietz, and Burk Streets and in the Township Park on Saturday, September 25th to begin replacing the several hundred mature trees lost in a tornado this summer. These trees will provide environmental, human health, and aesthetic value to the village and township.

ReLeaf Michigan's tree experts will be there to show volunteers how to plant a tree and oversee the event. Covid protocols will be followed. Masks and gloves are recommended. Social distancing is encouraged. Please wear closed-toe shoes and bring a shovel if you have one. Event occurs rain or shine (we're a hearty group!). No planting experience necessary. We hope to see you there!
