

# Michigan's Big Tree Hunt Contest

## *Tree ID Tricks & Tips, Measuring Big Trees, and More!*

### FREE WORKSHOP

**ReLeaf Michigan created the Michigan Big Tree Hunt in 1993 to celebrate our state's beauty and create a fun way to gather information about Michigan's biggest trees.**

The Michigan Big Tree Hunt is a great activity for families, groups of friends, fun dates, or solo adventurers. By identifying big trees you can take part in a statewide effort to track these living landmarks. You could find the largest tree in your county or even the state! The biggest trees are nominated for the State Champion Tree List and can even be entered into the official National Register of Big Trees. Join ReLeaf Michigan's project forester, Ashley Laux, to explore the history of Michigan's forests and to learn more about the Big Tree Hunt Contest!

Topics to include:

- History of Michigan's Big Tree Hunt
- Michigan's old growth forests
- Tips and tricks for tree ID
- Measuring trees
- Estimating the age of a tree using growth factors
- Tools of the trade

### JOIN US FOR A FREE WORKSHOP!
