

Statewide nonprofit 501c3

Making Michigan Healthier, One Tree at a Time, Since 1988

Invest in the future of your municipality! Become a Municipal Member and you'll provide residents with more than just beautiful scenery - a healthy tree canopy protects public health, encourages civic engagement, safeguards home values and helps ensure a sustainable future for the community.

Municipal memberships also connect your residents to a network of like-minded towns and cities that share best practices, innovative solutions, and inspiring success stories.
