Make a difference in a few hours that can last decades! ReLeaf Michigan, a non-profit tree organization, is partnering with Montrose Community Schools and the MDNR Urban and Community Forestry program to plant 10 trees at the Carter Elementary School playground. The trees planted will shade and cool the playground and provide a barrier between the school and the adjacent open field.

ReLeaf Michigan's tree experts will be there to show volunteers how to plant a tree and oversee the event. Please wear closed-toe shoes and bring a shovel, hard rake, and gloves if you have them. Event occurs rain or shine (we're a hearty group!). No planting experience necessary. Families are welcome! We hope to see you there!
